MEMORANDUM FOR: General Counsel

FROM: Director of Central Intelligence

1. The attached PRM-28 in paragraph 3.e. discusses improved access to the U.S. for refugees and dissidents from countries with repressive human rights policies. We presently bring in an average of 21 1/2 immigrants a year under the special provisions for intelligence. Can we offer any of the balance of 88 1/2 that we are allowed for the purpose of this paragraph of the PRM?

2. I simply don't know what the rules are around the law that permits the entry of 100 immigrants.
